

Project Management 1 and PRINCE2[®] Foundation

Do you need tools to manage projects?

Combine PRINCE2[®] Foundation and Project Management

With PRINCE2[®], you get a best practice management method that tells you what and when to do with your project – but not how! In other words, PRINCE2[®] does NOT provide you with tools. Therefore it makes good sense to combine PRINCE2[®] with Project Management 1 or IT Project Management 1. Thus you get the tools that enables you to achieve greater success in your PRINCE2[®] projects.
