PRINCE2® Foundation and PRINCE2® Agile Practitioner

Get one of the most recognised toolboxes for project management

**Combine PRINCE2® Foundation with
PRINCE2® Agile Practitioner**

Combining the two PRINCE2® courses gives you a best practice project management method, as well as in-depth knowledge about how agile tools such as Scrum, Kanban and Lean Startup contribute positively to a project environment. In other words, you acquire a highly requested toolbox for your project management.

Save money by purchasing at package price

Buy two PRINCE2® courses together and save approximately 10% of the cost of buying each course individually*.

PRINCE2® Foundation

With the PRINCE2®-method, you increase the success rate of your projects by eliminating the risk of mistakes and failed projects.

With PRINCE2® Foundation you get tools for more efficient project management, where the primary objective is to gain commercial outcome.

The methods help you achieve constructive project management cooperation, internally and externally in your organisation.

PRINCE2® Agile

With the PRINCE2® Agile Practitioner, you avoid working bureaucratically within the PRINCE2® framework. You'll get a useful expansion of your PRINCE2® toolbox, whether your company practices agile working methods or not. You get a deep knowledge of how agile tools such as Scrum, Kanban and Lean Startup can contribute positively to a project environment.

The course focuses on the best parts of several agile approaches, rather than being targeted at a specific method. So, it's not necessary to have worked with the specific methods to benefit from PRINCE2® Agile.
