PROJECT MANAGEMENT 4

At the end of the day, someone has to take the lead. Project Management 4 focuses attention on your leadership behaviour as a project manager and uncovers your development potential.

You will become aware of your strengths within project management based on concrete feedback from leaders, project participants, and stakeholders/clients in your projects.

Project Management 4 clarifies what you should focus on to develop as a project manager and you will learn how to apply a broad repertoire of leadership styles.

Why choose this course

Mannaz Project Management Programme is IPMA® Registered.

Mannaz Project Management Programme is based on "The International Competence Baseline" developed by the International Project Management Association (IPMA®). The training covers the topics required for you to qualify for IPMA® certification through Dansk Projektledelse.

Participant Profile

This course is for individuals with project management experience who wish to get better at understanding and handling the human and leadership aspects of project work.

Project Management 4 is an advanced project management course that requires you to have experience from at least one project where you had management responsibilities. Furthermore, you have completed Project Management 1 or possess similar knowledge from other training activities.

"Very high course quality. It was a pleasure to be well-prepared for the course based on the e-learning materials. SKILLED instructors!!!"

- Karsten Poulsen, Project manager, Apcoa Parking
